day / date: May 10th.

Design Ideas + Brain Storming.

① 

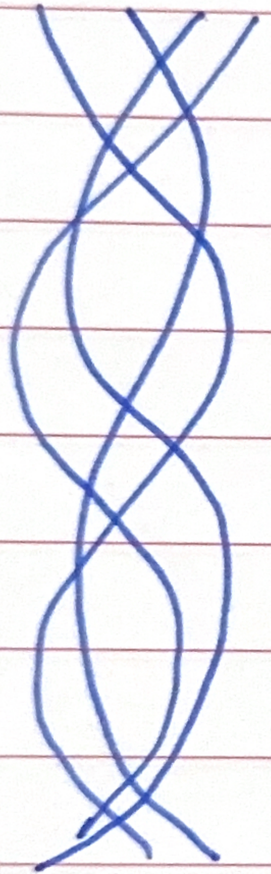

C-D. Building.

→ The buildings and windows would be mapped with the music audio

→ the disc would bounce at its place.

Day / Date : May 11th.

(2)

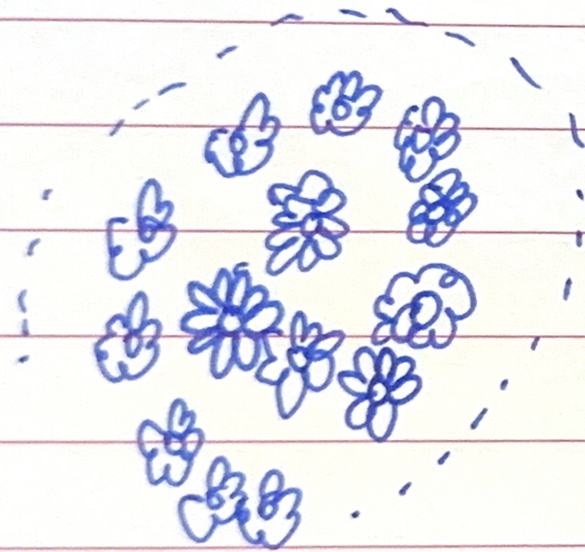

Sine-Wave.

→ I would make it move to right and left with the beats of the music.

Day/Date: May 13th.

(3)

Spiral Flower.

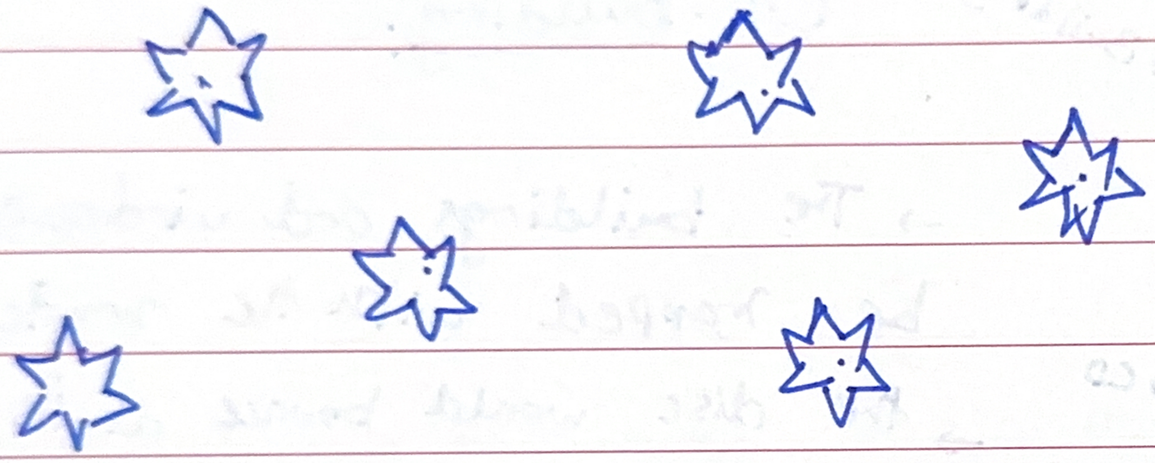

→ The flowers will pop at one place.

→ with that the spiral would increase its length with the beats of the music.

day / date: May 20th.

(4)

→ the stars would pop on its place with a neon coloured theme.

→ using frequency & amplitude functions.

→ mapped values would also be used.
