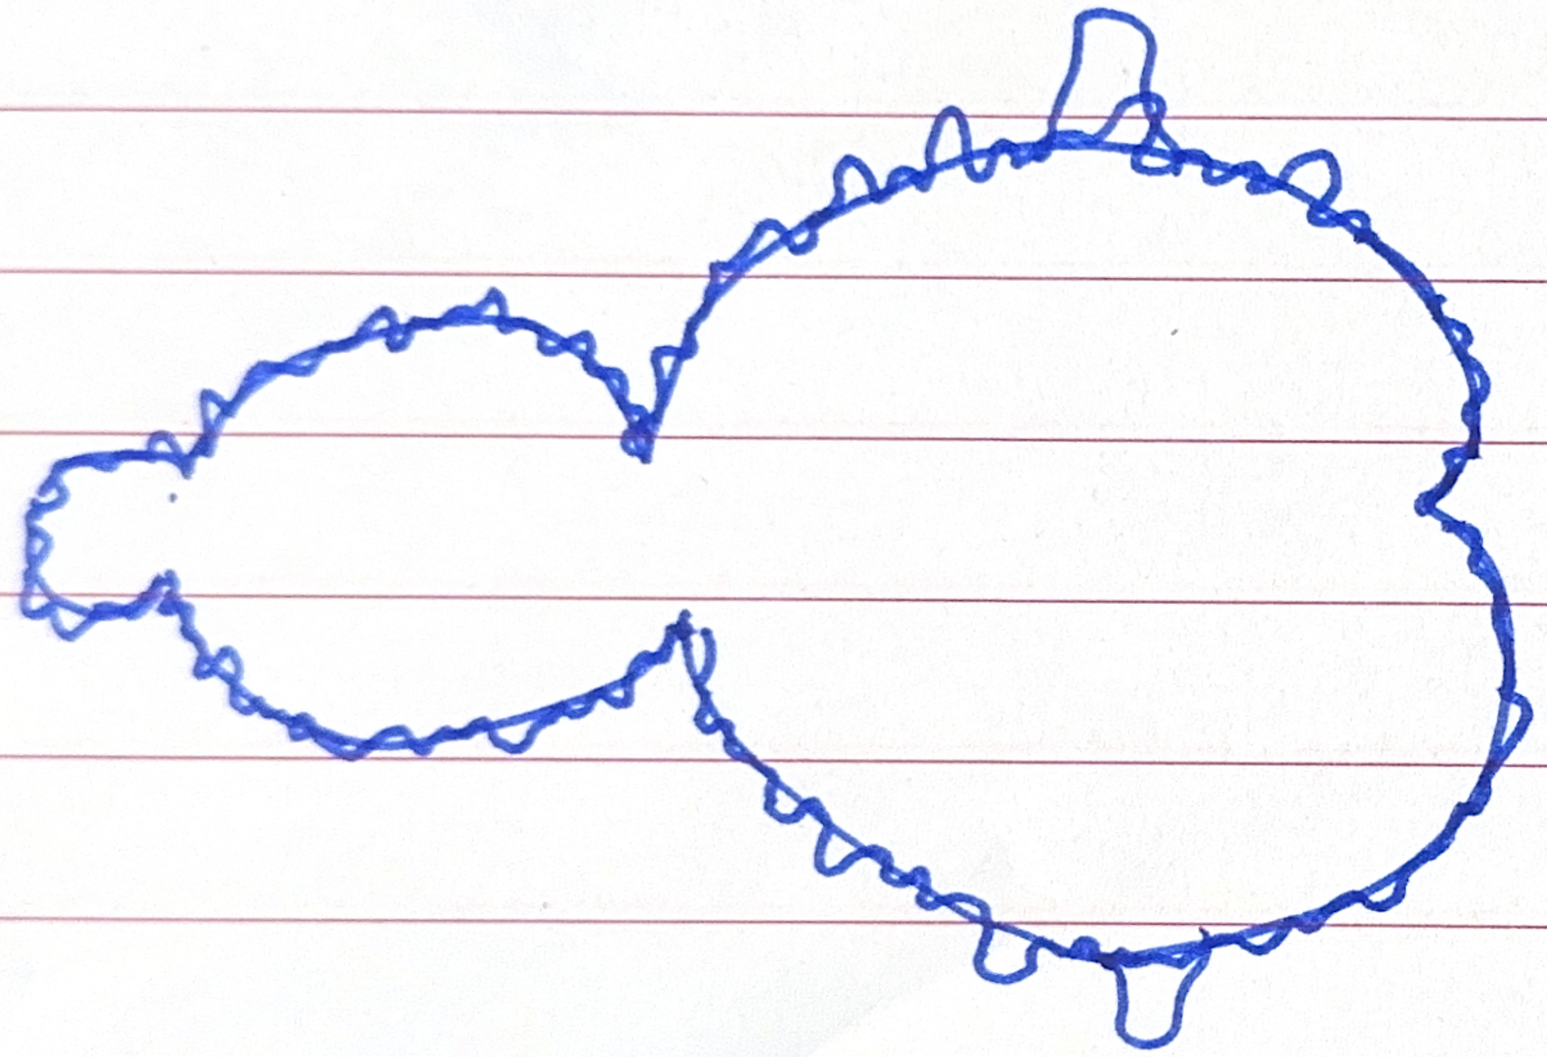
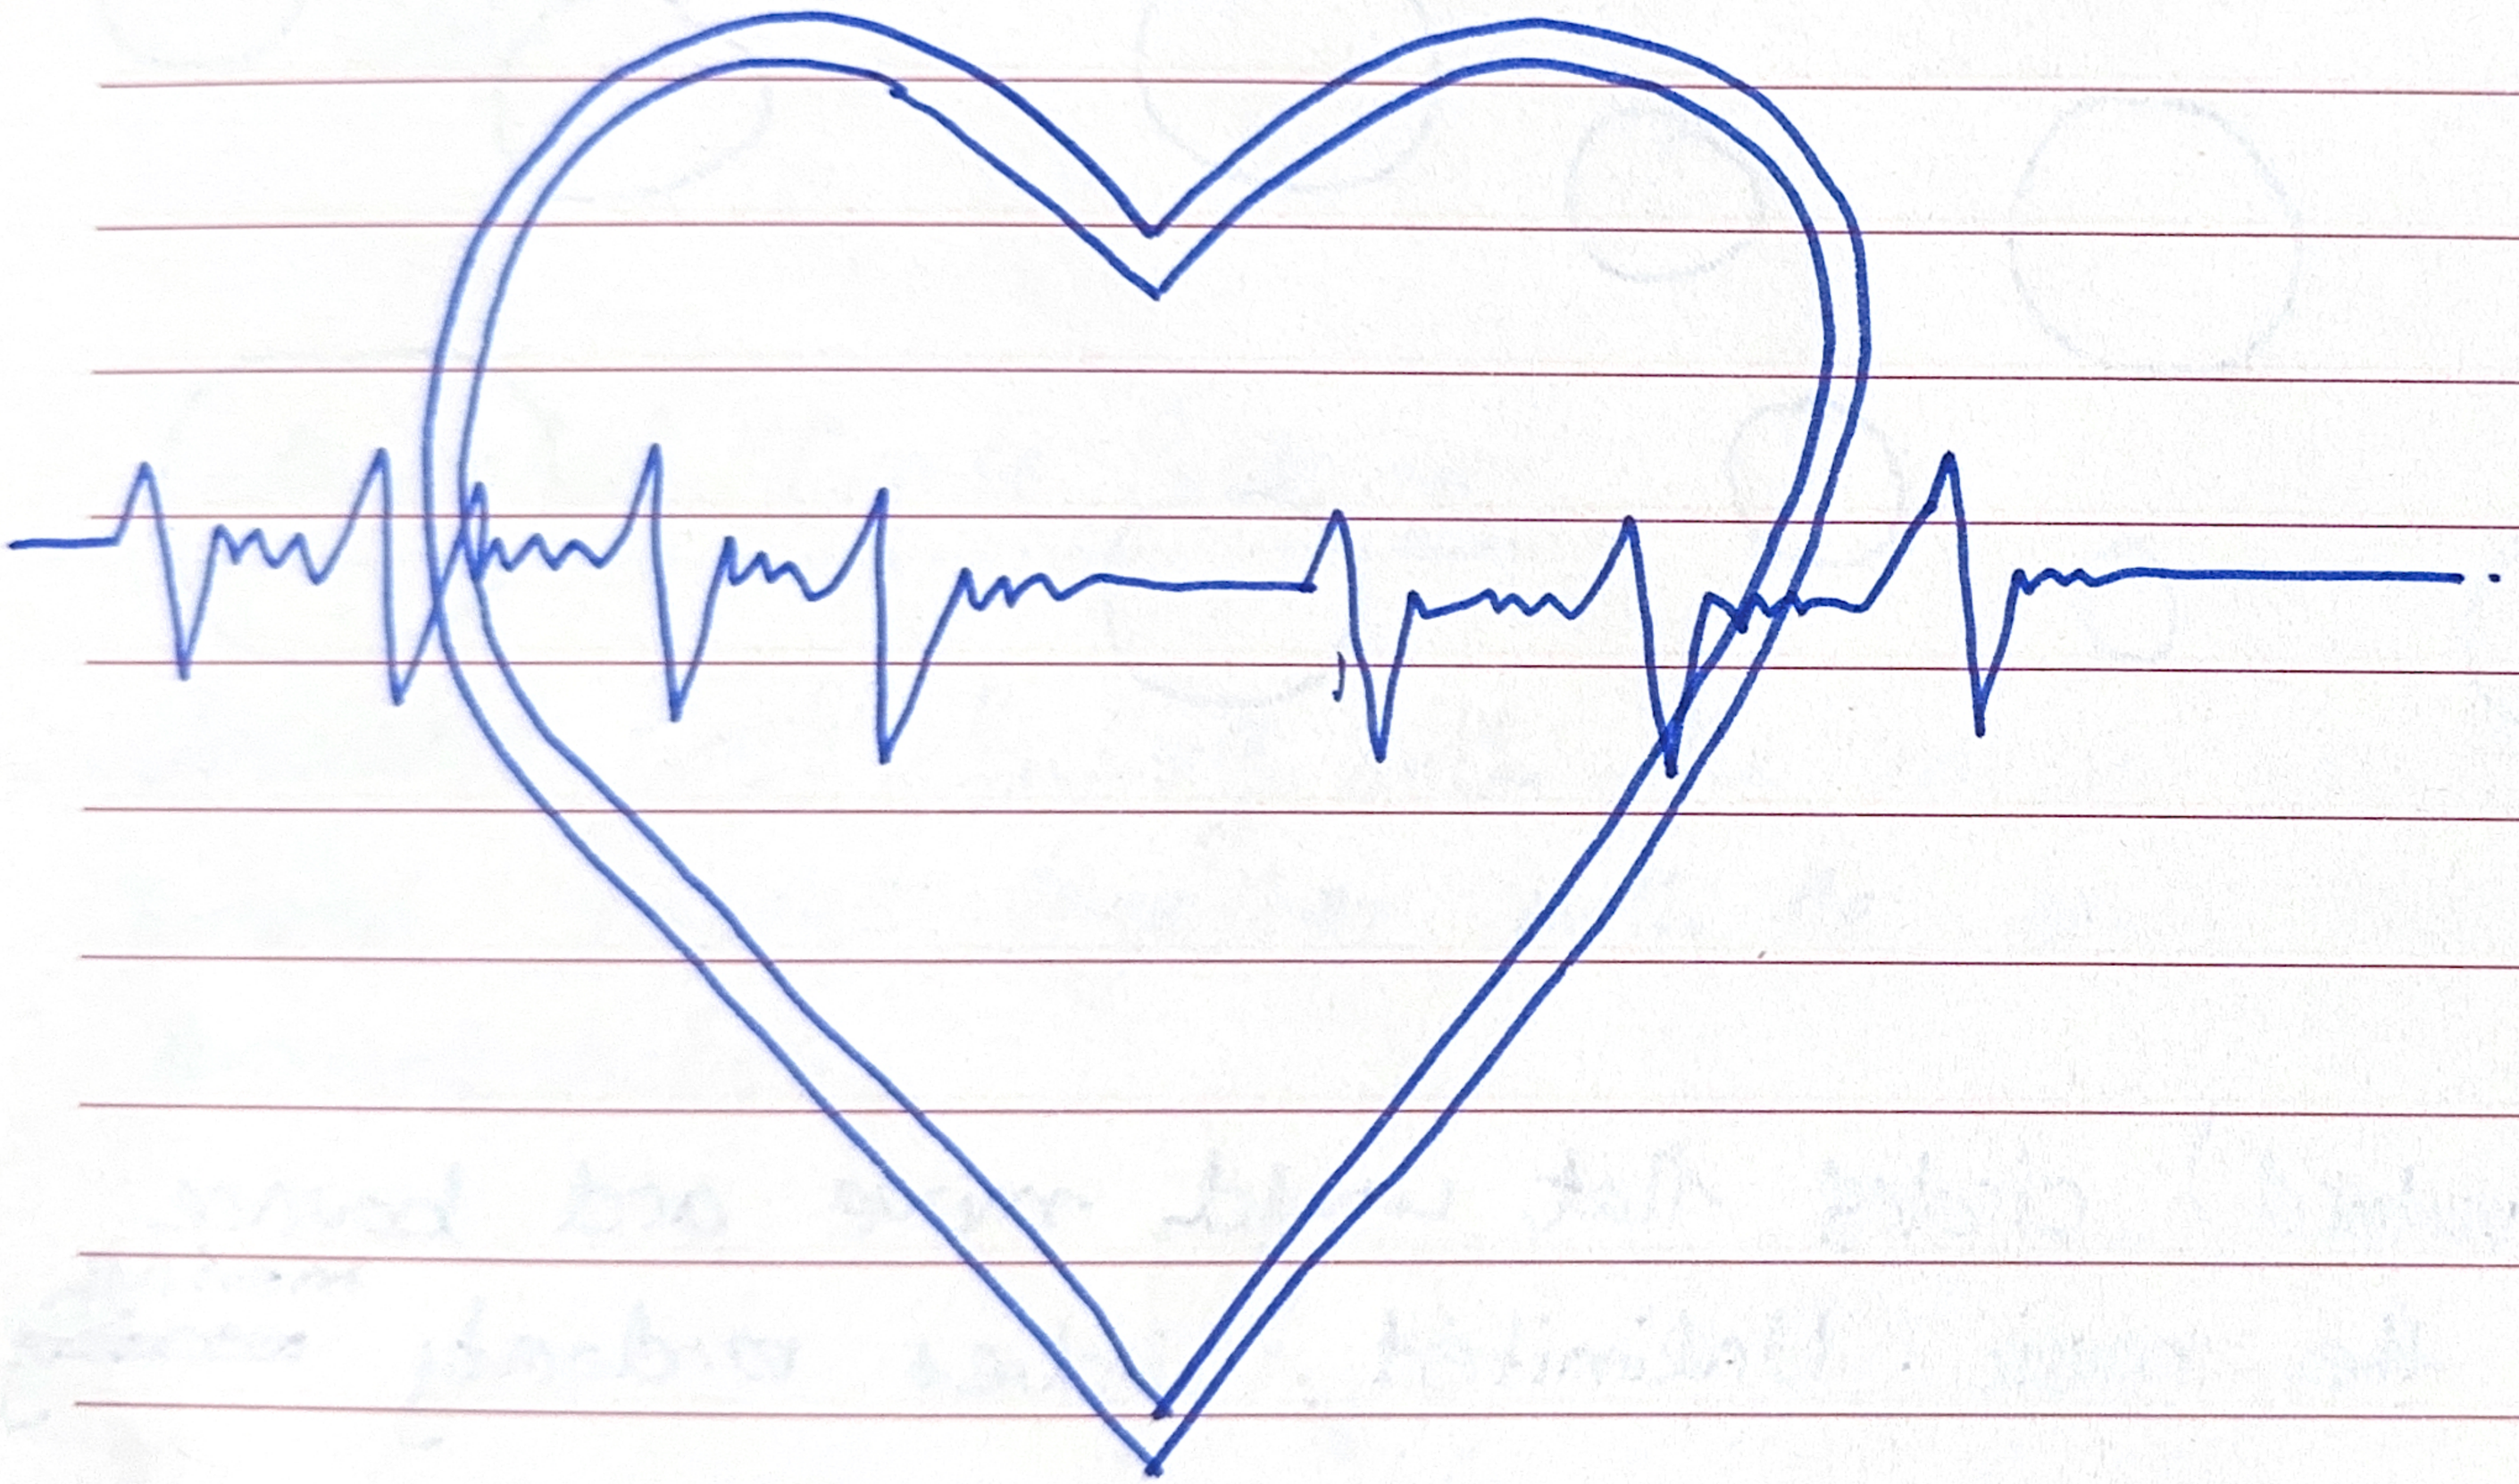
Mandalbrot Extension.



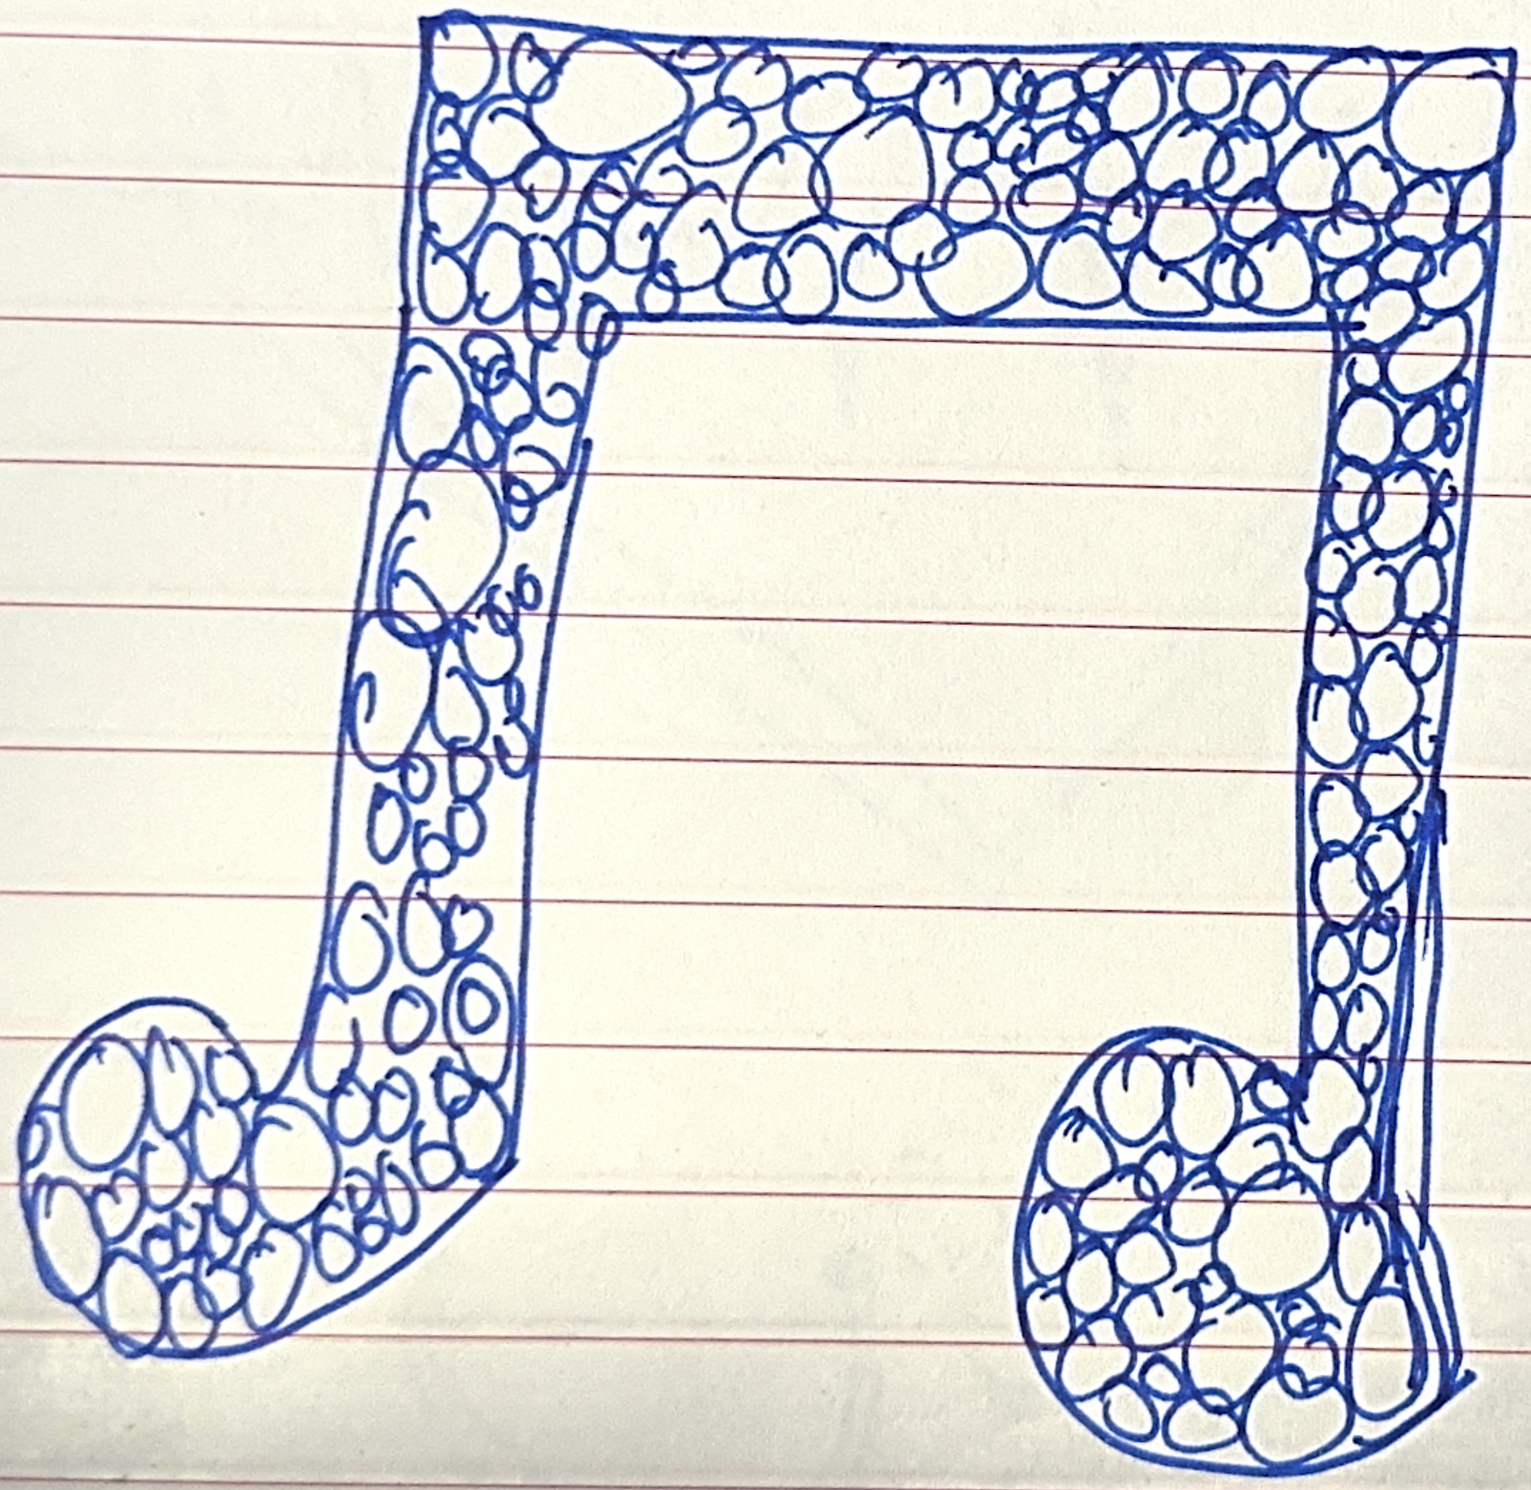
day / date:

Heartbeat



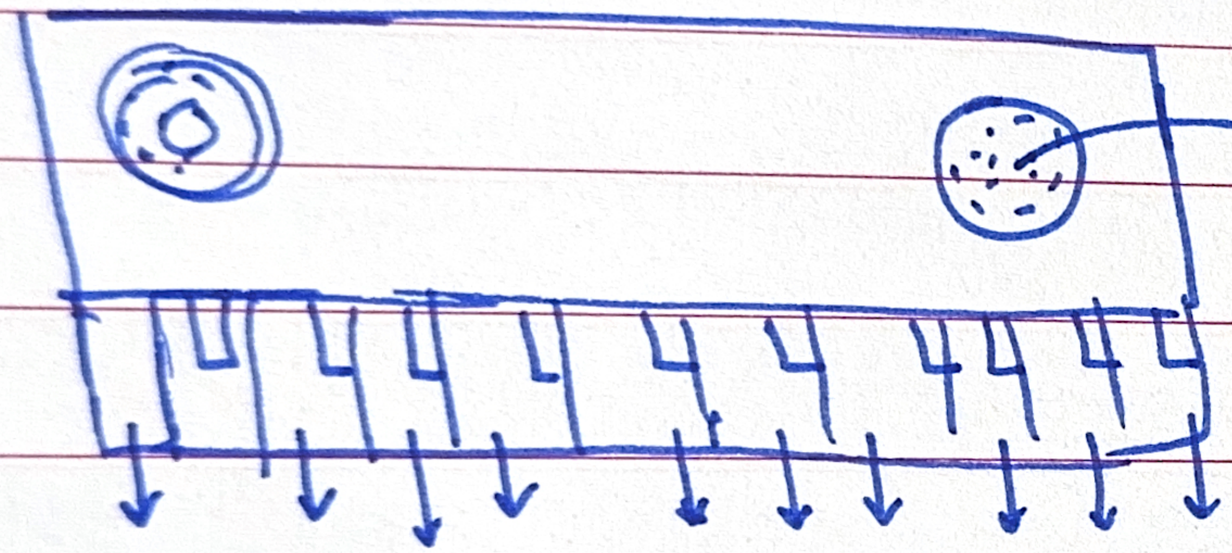
## Animated Circle Packing:

=> Animated Circle Packing with the music. The dispersed bubbles would merge together with the beats. This would form a musical note.



Piano Extension.

day / date:

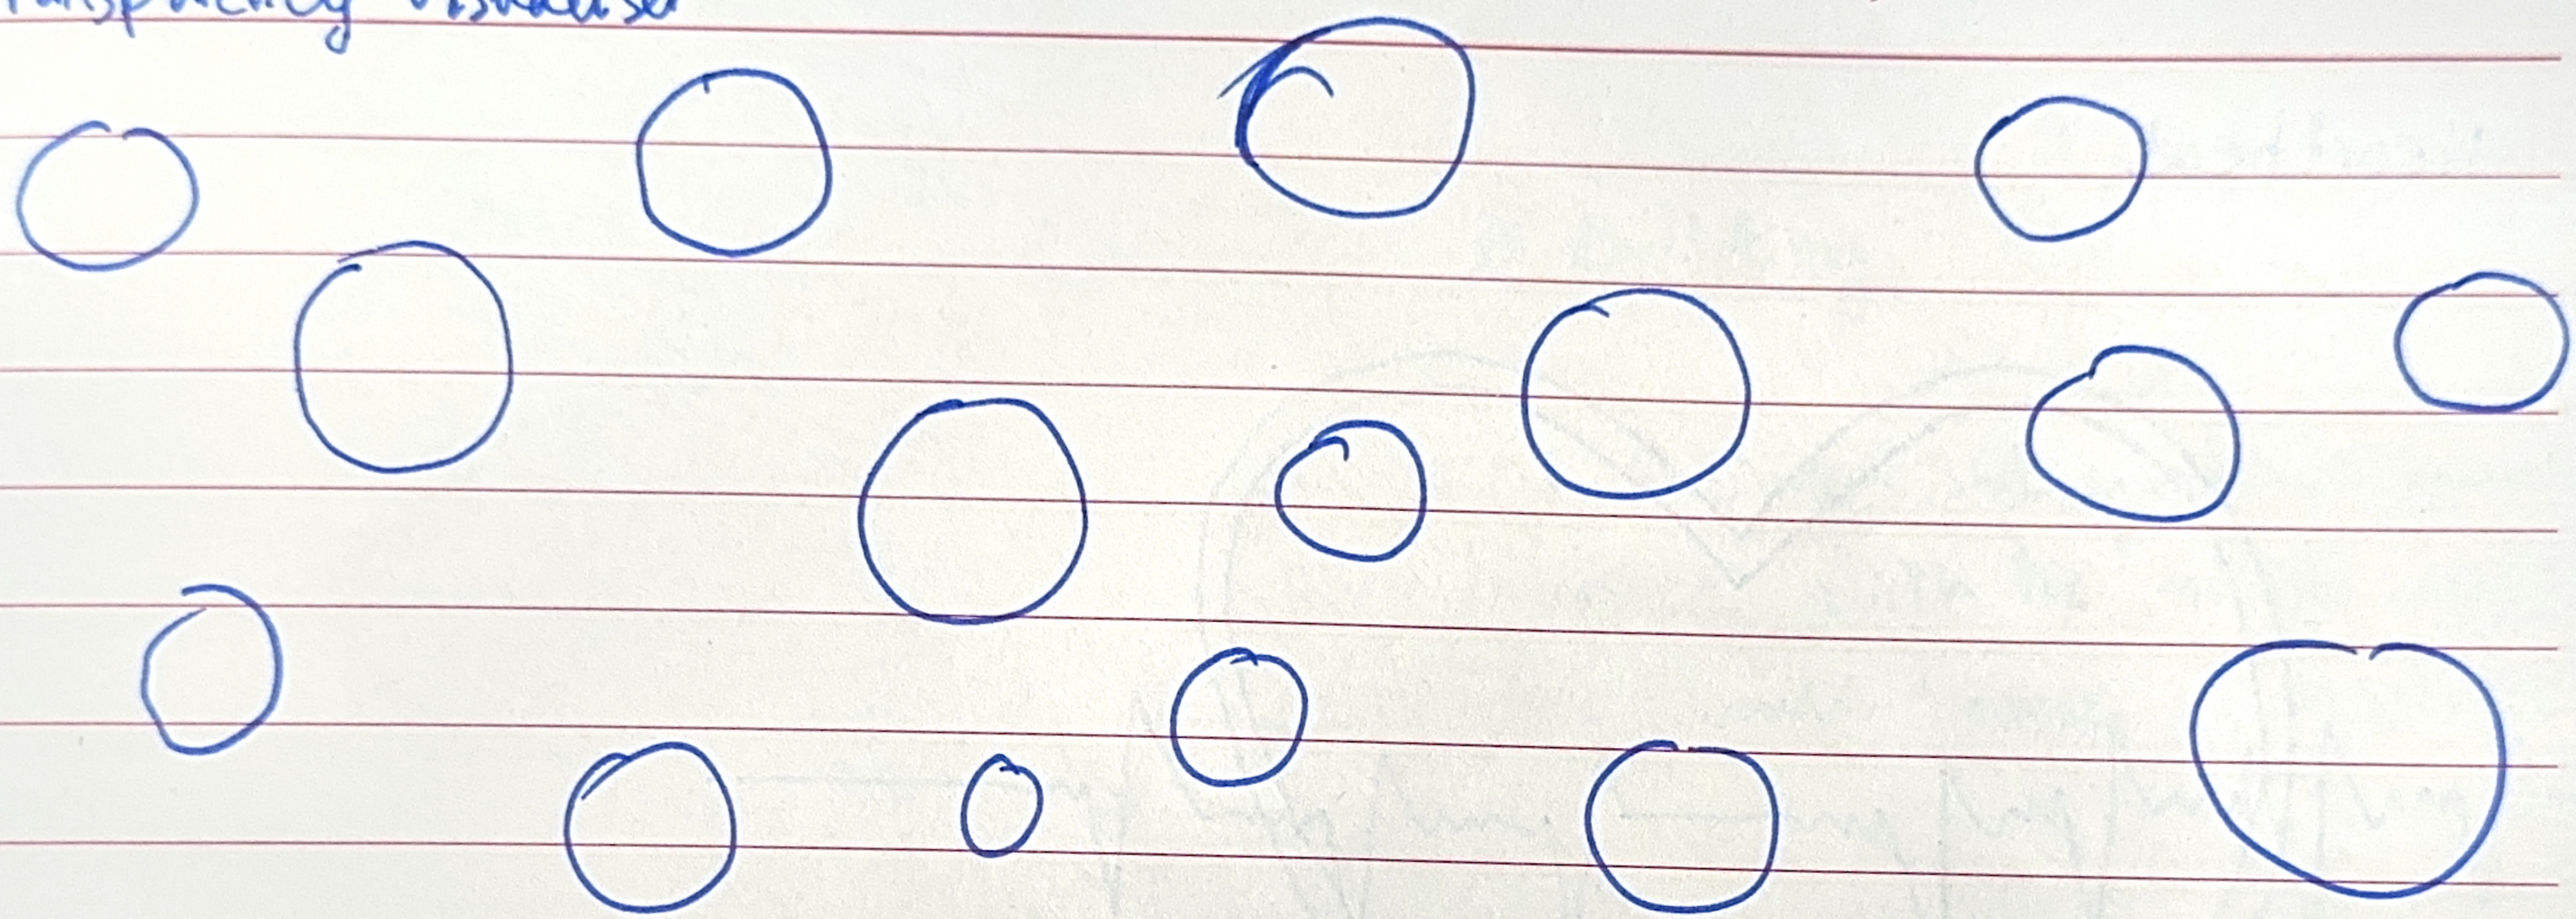


the speakers would bounce with the amplitude.

Piano: keys bounced / mapped to make it longer + shorter.

Transparency Visualiser

day / date:



→ Transparent, (alpha valued) circles that would move and bounce with the beats of the music. Unlimited circles randomly ~~moving~~ moving on the window screen.
